

Haleakalā National Park

Kīpahulu Trails

Hele mālie – Walk softly. Experience more of Kīpahulu by exploring a trail. The trails reveal the diversity of natural and cultural landscapes. You will discover coastal landscapes, archeological sites, waterfalls, and pools along a stream that is home to unique freshwater species found nowhere else on Earth.

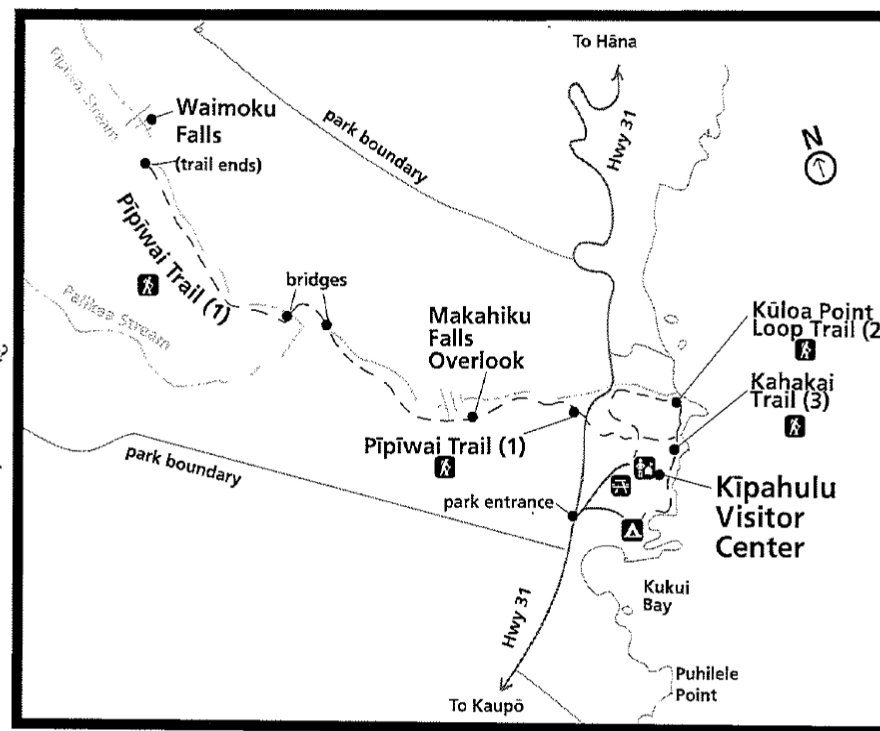

Pīpīwai Trail (1)

- Views of waterfalls and stream. Forested trail with boardwalks and footbridges.

- Begin hiking *before* 3:30p.m. to allow for a safe return in daylight. *This forested trail darkens quickly. Do you know when sunset is for this time of year?*

- *Makahiku Falls Overlook:* 0.5 miles each way, 400 foot elevation change from visitor center.

- *Waimoku Falls:* 2 miles each way, 800 foot elevation change, from visitor center.

Kūloa Point Loop Trail (2)

- Lower stream, Pools of 'Ohe'o, ocean views, archeology sites.
- 0.5 mile loop trail, from visitor center.

Kahakai Trail (3)

- Ocean /coast views.
- Connects campground to Kūloa Point Loop Trail.
- 0.3 mile each way.

Ho'omākaukau – Be prepared. Water, sun protection, close-toed shoes, and mosquito repellant are recommended for all trails. The trails take you into remote areas. These beautiful landscapes are the result of unpredictable and often violent forces such as flash flooding, rock falls, landslides, rough surf, or strong ocean currents. Swimming is not recommended. Get the latest information on trail conditions, sunset times, and weather updates from park staff. Stay on the trail and obey all posted warnings and staff guidelines.
